## EDUCATION

<b>Bachelor of Technology in Computer Engineering</b> Vishwakarma University, Pune	CGPA: 8.1/10 Expected 2025
<b>Diploma in Computer Engineering</b> Jaywant Sawant Polytechnic, Pune	CGPA: 8.2/10 2019 - 2022

## TECHNICAL SKILLS

<b>Languages</b>	Java, Python, JavaScript
<b>Web Technologies</b>	Next.js, Node.js, React.js, Redux, Typescript, Express.js, TailwindCSS, HTML5, CSS3, Antd, PHP
<b>Databases</b>	MySQL, MongoDB, Firebase
<b>Version Control</b>	Git, GitHub
<b>Fundamentals</b>	Data Structures and Algorithms, DBMS, OOPS, Operating System, Computer Networks
<b>Testing Frameworks</b>	Playwright, JEST
<b>Development Methodologies</b>	Agile Development, JIRA

## EXPERIENCE

<b>Software Engineer - Intern</b> Syngenta, Pune	Jan 2025 - Present
---	--------------------

- Currently working on the Cropwise Planting project, specifically focusing on Zone Management. Responsible for improving UI/UX, optimizing performance, developing new features, and writing test cases to ensure application reliability and robustness. Enhancing system performance to provide a seamless user experience in large-scale agricultural planning.

<b>Frontend Developer - Intern</b> Fyoocher, Mumbai	Jul 2024 - Dec 2024
--	---------------------

- Worked on a project using React.js and RESTful APIs, contributing to 3 projects that enhanced user experience and optimized data handling. Ensured responsiveness across devices, improving accessibility and usability for a wider audience. Collaborated with cross-functional teams to gather requirements and implement features that met client needs. Assisted in debugging and optimizing applications for improved performance and scalability.

## PROJECTS

<b>EchoBazar - ECommerce</b> Developed using Next.js and MongoDB, enabling users to seamlessly browse products, manage their shopping cart, and process orders. Implemented a dynamic and responsive user interface for product browsing and checkout, with integrated Stripe payment processing to provide users with a smooth and secure shopping experience.	<a href="#">Live</a>   <a href="#">GitHub</a>
--	---

<b>VishwaEvents</b> Developed using the MERN stack, enabling students to seamlessly create, manage, and register for events within the college community. Implemented an intuitive user interface for event creation and registration, with integrated ticket generation upon registration to provide attendees personalized access to events.	<a href="#">Live</a>   <a href="#">GitHub</a>
---	---

## LEADERSHIP

<b>President</b> - Revolution Software Development Club	Jan 2024 - Jul 2024
<b>Technology &amp; Project Head</b> - Revolution Software Development Club	Aug 2023 - Jan 2024
